

G • E • WALTER COMPO CORPORATION
332 EAST TWENTY - EIGHTH STREET • NEW YORK CITY
ASHLAND 4-2860

Gentlemen:

This booklet is intended to serve as the means of introducing ourselves to the architects, decorators, woodworkers and others in the trade.

We have been manufacturing Compo ornament for over 50 years, and these are just a few of our many stock designs.

If ornament required is not shown, please write to us for further information, or send us a drawing of what you may need and we will be glad to send you our drawing of what we have in stock.

We would like to call your attention to our wood moulding, with Compo ornament applied, suitable for cornices, trims or chair rails, etc.

Compo ornament is the exact reproduction of hand carving, and is suitable for interior or exterior, such as the ornaments shown for exterior gable treatment.

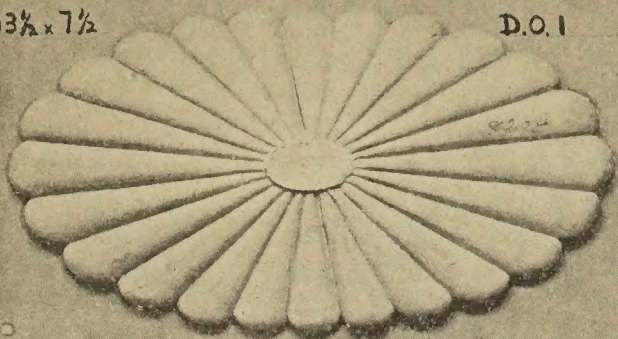

Compo ornament for interior is shipped in a semi-soft condition and should be used when received, and can be applied with thin glue on the back, and nails.

IN ADDITION TO MANUFACTURING COMPO ORNAMENT WE MANUFACTURE PLASTER AND PLASTER COMPOSITION ORNAMENTS. ALSO WOOD CARVING AND GILDING.

When ordering kindly advise if it is to be used for interior or exterior.
